NOW THEREFORE, the Developer, on the date hereinafter set forth, has amended the above described Restrictions in their entirety, and does hereby terminate and declare the above described Restrictions null and void and of no further force or effect and does hereby adopt, establish, promulgate and impress the following Reservations, Restrictions and Covenants which shall be and are hereby made applicable to Shadow Bay, Section One, hereinafter referred to as the "subdivision":

I.

GENERAL PROVISIONS

ORIGINAL DIM

Applicability 1.01 Each Contract, Deed or Deed of Trust which may hereafter be executed with respect to any property in the subdivision shall be deemed and held to have been executed, delivered and accepted subject to all of the provisions of this instrument, including, without limitation, the Reservations, Restrictions and Covenants herein set forth, regardless of whether or not any of such provisions are set forth in said Contract, Deed, or Deed of Trust, and whether or not referred to in any such instrument.

Dedication 1.02 The streets and roads shown on said recorded plat are dedicated to the use of the public. The utility easements shown thereon are dedicated subject to the reservations hereinafter set forth.

1.03 For the purpose of these Restrictions and for the purpose of interpreting the provisions contained upon the plat of the subdivision, the "Front Line" of each lot shall be the common boundary of such lot with a street, and in the case of a corner lot (with a common boundary on two streets or on one street and a culdesac) the boundary which is shorter. The boundary of the lot opposite the front lot line shall be the "Rear Lot Line" and all other lot lines shall be "Side Lot Lines".

Reservations 1.04 a. The utility easements dedicated on the recorded plat are dedicated with the reservation that such utility easements are for the use and benefit of any public utility operating in Montgomery County, Texas, as well as for the benefit of the Developer and the property owners in the subdivision to allow for the construction, repair, maintenance, and operation of a system or systems of electric light and power, telephone

lines, gas, water, sanitary sewer, storm sewers and any other utility or service which the Developer may find necessary or proper.

b. The title conveyed to any property in the subdivision shall not be held or construed to include the title to the water, gas, electricity, telephone, storm sewer or sanitary sewer lines, poles, pipes, conduits or other appurtenances or facilities constructed by the Developer or public utility companies upon, under, along, across or through such public utility easements; and the right (but no obligation) to construct, maintain, repair and operate such systems, utilities, appurtenances and facilities is reserved to the Developer, its successors or assigns.

c. The right to sell or lease such lines, utilities, appurtenances, or other facilities to any municipality, governmental agency, public service corporation or other party is hereby expressly reserved to the Developer.

d. The Developer reserves the right to make changes in and additions to such utility easements for the purpose of more efficiently serving the subdivision or any property therein; any such change or addition to be effected by appropriate instrument recorded in the office of the County Clerk of Montgomery County, Texas.

e. When necessary or convenient for the installation of any utility system or systems, the Developer or any utility company making such installation in utility easements dedicated on the above mentioned plat or dedicated herein or hereafter created in the subdivision, may, without liability to the owner of the land encumbered by such utility easements, remove all or any trees and other vegetation within the utility easements. When necessary or desirable for the maintenance of such utility system or systems, the Developer or utility company may trim trees and shrubbery or roots thereof which overhang or enroach into such easements, without liability to the owner of such shrubbery or trees.

f. Any utility easement shown on the recorded plat may be used as a drainage easement for the construction of drainage facilities but any such use shall not unreasonably interfere with the use of such easement for utilities.

Duration 1.05 The provisions hereof, including the Reservations, Restrictions and Covenants herein set forth, shall run with the land and shall be binding upon the Developer, its successors and assigns, and all persons or parties claiming under it or them for a period of thirty five (35) years from the date hereof, at which time all of such provisions shall be automatically extended for successive periods of ten (10) years each, unless prior to the expiration of any such period of thirty five (35) years or ten (10) years, the then owners of a majority of the lots in the subdivision shall have executed and recorded an instrument changing the provisions hereof, in whole or in part, the provisions of said instrument to become operative at the expiration of the particular period in which such instrument is executed and recorded, whether such period be the aforesaid thirty five (35) year period or any successive ten (10) year period thereafter.

Enforcement 1.06 In the event of any violation or attempted violation of any of the provisions hereof, including any of the Reservations, Restrictions or Covenants herein contained, enforcement shall be authorized by any proceedings at law or in equity against any person or persons violating or attempting to violate any of such provisions, including proceedings to restrain or prevent such violation or attempted violation by injunction, whether prohibitive in nature or mandatory in commanding compliance with such provisions; and it shall not be a

prerequisite to the granting of any such injunction to show inadequacy of legal remedy or irreparable harm. Likewise, any person entitled to enforce the provisions hereof may recover such damages as such person has sustained by reason of the violation of such provisions. It shall be lawful for the Developer or for any person or persons owning property in the subdivision to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any of such provision.

Partial

Invalidity 1.07 In the event that any portion of the provisions hereof shall become or be held invalid, whether by reason of abandonment, waiver, estoppel, judicial decision or otherwise, such partial invalidity shall not affect, alter or impair any other provisions hereof which was not hereby held invalid; and such other provisions, including Restrictions, Reservations and Covenants shall remain in full force and effect, binding in accordance with their terms.

Effect of
Violations

on Mortgagees 1.08 No violation of the provisions herein contained, or any portion thereof, shall affect the lien of any Mortgage or Deed of Trust presently or hereafter placed of record or otherwise affect the rights of the Mortgagee under any such Mortgage, holder of any such lien or beneficiary of any such Deed of Trust; and any such Mortgage, lien or Deed of Trust, may, nevertheless, be enforced in accordance with its terms, subject, nevertheless, to the provisions herein contained, including said Reservations, Restrictions and Covenants.

The Architectural Control Authority (whether Developer or Architectural Control Committee) shall have the power and authority to create, alter or amend building set-back lines, utility easement lines, and requirements as to design of buildings, structures, and materials to be used in the improvements thereof for any lot or lots within the subdivision provided that such authority shall be exercised for the purpose of making the lot or lots so affected useful for the purpose for which they are designed or for the purpose

Architectural

Control Authority 2.02 a. The authority to grant or withhold architectural control approval as referred to above is vested in the Architectural Control Authority (herein sometimes referred to as the "Authority") which Authority shall be the Developer; except, however, that such authority of the Developer shall cease and terminate upon election of the Shadow Bay Architectural Control Committee, in which event such authority shall be vested in and exercised by the Shadow Bay Architectural Control Committee (as provided in b. below).

b. At such time as Ninety percent (90%) of all of the lots or building sites in the subdivision shall have been sold by Developer, the Developer shall cease to be the Authority and the Shadow Bay Property Owners Association shall elect a committee of three (3) members to be known as the Shadow Bay Architectural Control Committee. TO: ALL SHADOW BAY PROPERTY OWNERS

QUOTE: Shadow Bay deed restrictions, page 4, Art. III, Section 3.03 Designation:
" 3.03 Mobile Home Lots - All lots, or portions thereof as subdivided, in Blocks 1,2,3,4,5,6,7,8, and 9 and in Unrestricted Reserve "H" shall be restricted to mobile homes manufactured after 1971 having a minimum width of twelve feet (12 ft.) and a minimum length of fifty feet (50 ft.

Modular/Conventional Lots - All lots, or portions thereof as subdivided, in Blocks 10 and 11 and in Unrestricted Reserves "A" and "C" shall be restricted to modular homes manufactured after 1971 having a minimum of 980 square feet of floor space, exclusive of porches and garages or a conventionally constructed or erected home having a minimum of 1,000 square feet of floor space, exclusive of porches and garage. Developer herein reserves the right to waive this designation as it relates to Unrestricted Reserve "C" only."

The Board of Directors of Community Improvement Association of Shadow Bay, Inc. has interpreted Sec. 3.03 of said restrictions to preclude admitting any mobile or modular home in excess of eight (8) from manufacture date into the subdivision.

The Board's reasoning for said interpretation: Inasmuch as the deed restrictions were executed on October 31, 1979, it becomes glaringly obvious that the original intent of the developer was to restrict the age of mobile and modular homes that are coming into the subdivision. Simple calculation indicates that the limit intended was no mobile and/or modular home older than eight (8) year old would be allowed to come into Shadow Bay.

Hence, your Board of Directors of Shadow Bay has instructed the Architectural Control Committee to require certification that the mobile or modular home is no more than eight (8) years old before allowing it into the subdivision.

Your usual understanding of and adherence to the Board of Director's interpretation is sought and will be appreciated.

It is further recommended that you attach this information to your copy of the deed restrictions,
